Remember, all the paths of sin are banked with flowers at the start, and there are plenty of helpful hands to bring the gay charger to your door and hold the stirrup while you mount, but forther on the horse plunges to the bit in a slough inextricable. Dear young Christian choose the safe road. Why seek flowers off the edge of a precipice when you may walk knee-deep amid the full blooms of the very paradiae of God. own inclinations are utterly frivilous or bad but rather because there is in their hearts a desire for recreation amounting to a positive necessity. They scarcely know how to spend a social evening together.

I hope the few suggestions I offer may prove helpful. I want to make an earnest appeal for conversation in its best sensent the inane compliments, frivilous jesting and gossip which usually fill the social hour. Conversation in any worthy sense has become a lost art. In this day of literary clubs of all sorts, home college courses and books without end—to say nothing of the concerts, sermons, lectures, etc.. to which everyone has access—it does seem that topics for interesting conversation would never be wanting, but such unfortunately is not usually great multitude of both sexes. Whatever apologies may be offered for other dances as of all sorts, home college courses and books without end—to say nothing of the concerts, armons, lectures, etc.. to which everyone has access—it does seem that topics for in the case. It requires a troly awakened heart to do it. It requires one who can say no with the emphasis of determination. All honor then to the young soldiers of Christ who realizing that the fight is not now with the fires of persecution but with a godless world of irreligious enstoms and ideas, dare to assert their freedom. Not to do this is to acknowledge servitude to the world. Not to do it is to rivet more firmly the chains of a diagraceful navery upon you. Not to do it is to sluk your indiv duality into that of the conscienceless masses about you. To the conscienceless masses about you. It is reported that the Guatemalan government has been humbugged by an American ex-general from one of the southern states, who took money for making a feint on the northern border of Mexico, with a base of operations in the United States in case Guatemala should fight with Mexico. The American, it is said, secured \$100,000, but left the steamer at Acapulco on his way north and has disappeared.

HON, FRANK J. SCOTT, one of the ablest Republicans of Toledo, has declared that he will not only vote for Mr. Ritchie but will support the whole Democratic ticket from top to bottom. The Democratic stand for free silver is what has turned Mr. Scott. He says:

"For the past twenty-one years, the United States and Germany have legislatured to force down the value of silver, with the result that it has depreciated fully 45 per cent. The direct result has been, of course, to raise the value of gold. The holders of this metal or of evidences of debt that must be paid in cold are short to must be paid in gold, are about to reap an enormous benefit. The Republican party offers no solution of the difficulty, and I will therefore vote this year with a party that

Massillon, O., Oct. 12.—The entire Reimer family at Dalton has been rearrested, new evidence having been discovered. The members of the family are charged with conspiracy to burn the town. Great excitement prevails. Dalton was recently nearly wiped out of existence by fire, supposed to be of in-cendiary origin. The Reimers were suspected and arrested some time ago, but owing to lack of sufficient evidence were discharged.

Insane Woman's Act.

DELAWARE, O., Oct. 12.-Mrs. Perry Milton, living near Flint, attempted to kill her husband with an ax and revolver, set fire to the house and escaped. Milton was badly hurt and the house was consumed. The woman, who is demented, is still at large.

Some Crooked Republican Ways!

The following is taken from a dispatch from Delphos:

Snook is advancing every day in Van Wert county. It is always regarded as a close county; but the feeling this year is Democratic. One reason for this is that two or three years ago the Republicans placed on their ticket for commissioner John Robinson, known as "Honest John." He was put up as the "watch-dog of the treasury," and a man who would be economical. On these representations a number of Democrats voted for "Honest John." Recently it was discovered that he, in the building of bridges, issued orders on the treasurer for more than was due to the contractors, and drew the money himself. Say a bridge cost \$1,000 or \$1,200. He would draw an order for \$1,500, hand the actual cost of the bridge to builders and pocket the balance. He has covered \$350 thus obtained back into the treasury, and says it was a mistake in overdrawing. For this and other reasons the local Republicans are on the run.

THE Democratic State, Congressonal, Judicial and County Ticket is DEFIANCE, O., Oct. 15 .- Marion all right, and should receive the vote horse from Saunders Brothers, at the county can have excuse for scratch ing any name on the ticket.
